### Eleanor Roosevelt: First Lady of the World

Monday, August 15, 6:30PM

Masks may be required. Registrants will be notified before the program.

Join us for an evening with Eleanor Roosevelt, played by actress Jessica Michna. In this first-person presentation, Eleanor Roosevelt shares with the audience her tragedies and triumphs. Born into the opulent wealth of America's "Golden Age" she would grow from the shy, homely orphan into a confident, driven woman. Annealed by personal tragedy, she would emerge as a champion of civil rights, author, and stateswoman. Eleanor has been characterised by many as our most respected First Lady. She is best summed up by President Harry S. Truman, who dubbed her "The First Lady of the World."

About the speaker: Originally from Pennsylvania, Jessica Michna developed a love of history at an early age. She and her family visited the many historic sites throughout America. Her school years would find her appearing in various productions, in addition to costume design and construction. Upon graduation several scholarships were offered to further her studies in theater arts. She would opt to earn a degree in psychology from the UW system while working several years as a researcher and lecturer.

## New CountyCat App

CountyCat app has a new look and some new features including the ability to cancel your holds on the holds shelf. We suggest you update ASAP because there are some issues with the previous version. Read all about this update on the [Milwaukee County Federated Library System website](#).

If you are an Apple user and already have the app, all you need to do is update your current CountyCat app. Otherwise you can download the CountyCat app from the App store. If you are an Android user, you'll need to delete the old and download the new app from the Play store.

One really cool feature is the ability to check items out using just your phone and the CountyCat app! To do this you'll need to be in the library building. To get started using this feature, ask a Whitefish Bay Public Library staff person to show you how.

## Take and Tinker

Take and Tinker is generously funded by Friends of the Whitefish Bay Public Library! [Help them out by becoming a Friend!](#)

One of our very popular T&T items is our museum passes. Museum passes allow for entry into some local area attractions. Passes checkout for 3 days, with no grace period. Passes include [Milwaukee Art Museum](#), [Mitchell Park Domes](#), [Schilz Audubon Nature Center](#), and more!

We also recently added Mobile Hotspots available for checkout. If you aren't familiar with a HotSpot, it's a device that allows you to connect to the internet. One HotSpot can connect up to 15 devices so you only need one per household. HotSpots check out for 7 days. [Request a HotSpot today!](#)
