## A Pabst Mansion View

**Tuesday, December 6, 6:30PM**

The Pabst name is well known in Milwaukee and the Pabst Mansion is certainly one of Milwaukee's Victorian jewels. This program presents the world of Captain Frederick Pabst at the turn of the century. It focuses on his family, his beer and, of course, the Pabst Mansion itself. The visual tour includes rarely seen images and information.

Bio:

Dave Fehlauer is a former educator and school administrator. His interest in history and historical buildings led him to become involved with the Pabst Mansion as a docent and lecturer. He enjoys sharing the story of this iconic landmark and has presented to conferences, conventions, area libraries, social organizations, and senior living communities.

## CountyCat App

Have you downloaded the new CountyCat App? One new cool feature is the ability to check out Whitefish Bay Library items while in the library using the app on your phone! To use this feature, scroll down to 'Self Check' found on the bottom of the app home screen.

After selecting 'Self Check,' it will ask you to 'Enable Location Services.' Then click the button 'Check-out' to begin.

To check-out items, you'll need to scan the RFID tag found on the item, usually on the back. For a book, just flip the book over and scan the back cover.

If this is your first time, stop by any service desk at the library and staff can walk you through the process.
