Placeholder for Director Review

To: Whitefish Bay Public Library Board of Trustees

From: Nyama Y. Reed, Library Director Date: December 13, 2022 Meeting

Re: Foundation & Fundraising Update

Our Mission

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning and providing access to ideas, information and resources.

An email was sent to the full email list for Giving Tuesday, which is the Tuesday after Thanksgiving and is utilized by non-profits for fundraising. Several checks were received and a deposit for \$1700 was made in early December.

Director Reed met with an ambassador who is interested in helping the Foundation with completing a plan of work for 2023 and formal marketing documents. She is amenable to working with Foundation Board members Jan C and Amy P who have also offered to help with marketing efforts. Director Reed suggests forming an ad hoc marketing committee to work Jan-Mar 2023. By the date of the Library Board meeting, the Foundation Board will have met on Mon 12/12 and Director Reed will be able to provide an update.

To: Whitefish Bay Public Library Board of Trustees

From: Nyama Y. Reed, Library Director Date: December 13, 2022 Meeting

Re: Department Reports

Director (Reed)

1. Building

- a. Regular maintenance is occurring per schedule.
- b. The Library will be closed Wed Dec 14-Fri Dec 16 for cleaning of the air vents and heating coils. Some circ staff will come in to empty the drop box and move book bins into the basement. Otherwise, staff are not able to be in the building during the work. Leadership Team members will work from home on projects; hourly staff have been assigned online trainings to complete from home, if able. Otherwise, staff will be paid regular wages per their usual work schedule for Wed-Fri.
- 2. Village The 2023 budget was approved as presented. Wage adjustments for staff, except the Director, have been submitted to the Village finance department.

3. Personnel

- a. Staff reviews are being completed and staff have been informed of their 2023 wage. Much gratitude has been expressed.
- b. Full time staff are attempting to use as much vacation time as possible before the end of the year. Unfortunately, staffing shortages due to turnover/training and illnesses made it difficult to regularly use time-off throughout the year.
- c. The "Tridemic" has impacted staff and we continue to need to fill shifts each week due to illnesses.

4. COVID Update

- a. As of Fri 12/9, WFB's Community Level was 151, the NS area total was 156, and Milwaukee County was 167. While that is still under the 200 threshold for COVID Community Level, the current rating is Medium. Once the number hits 200+, we will be in High territory.
- b. As of Thu 12/8, Milwaukee County's Key Indicators for Cases and Positivity Rate moved into Red territory. This indicates a 14 day significantly

rate for testing.

5. Smart Lockers – The Smart Lockers were delivered last week and are set to be installed Dec 13 or 14th. More details in Circ Services update below.

positive trend for Cases, and greater than 10% positivity

6. LDAC/MCFLS – The Marketing Committee is producing excellent graphics to promote system-wide services.

Circulation Services (Hoge)

Technology

• Over the past three to four months, we have been having random issues on our public use adult workstations. We've

worked with our Network Administrator at MCFLS to try to pinpoint the problems, but the incidents have been random across different computers. We made a decision to remove the ability for MCFLS to make Windows operating system updates using a patch management software application that ran overnight on all of our public computers. It has now been about a month without the nightly updates and the computers have stabilized. To ensure Windows remains up to date, I will be manually running Windows updates on all public workstations and public use laptops quarterly. This has made things much easier on staff since trying to troubleshoot the random incidents was difficult and time consuming.

- On November 9th, MCFLS transitioned the Sierra ILS local server to a vendor supported cloud based server. On that day, access to Countycat, Countycat mobile app, databases, and online Sierra were unavailable from 6am until about 1pm. Circulation Staff utilized the Sierra Offline Circulation module which allowed us to check items out to patrons but no other capabilities (such as renewing or checking in items, viewing a patron's account information, renewing or entering new cards, etc.) were available. Once all systems were back up and running, we uploaded our 'checked out' file to MCFLS and they updated the database. All went smoothly and except for a few glitches the first week or so with performance, the move to the cloud server was successful.
- Our Smart Locker was delivered on Thursday December 8th. Installation is planned for the week of December 12th. Scott Lenski and I have a meeting on Wednesday December 14th with staff at the Shorewood Public Library to watch them go through their workflow when placing items in their locker for patron pick up. Go live with our locker will likely not occur until after the New Year as we need time to train all Circulation Assistants on how to manage this new software and the integration with Sierra.

MCFLS ILS Functionality Committee

- Our Sierra vendor, Innovative, has provided MCFLS with a cloud hosted test environment which will allow us to try out functionality available in Sierra that the MCFLS libraries don't currently have. Accessing this test environment will be provided to the ILS Functionality Committee to review new features/enhancements available in Sierra 5.5.
- We are waiting to hear from MCFLS about the scheduled upgrade to Sierra 5.5 which has some added features we are looking forward to using. The plan was to upgrade in December, but a date has yet to be finalized.
- A demo of the discovery software Pika by Marmot Library Systems was conducted November 15th and all MCFLS staff were invited to attend. 3 staff from WFBPL participated. We will have a demo of Aspen on January 11th and Bibliocore on January 13th. As a member of the ILS Functionality Committee, one of my responsibilities is scoring each vendor/software product after the demos. This scoring will be tabulated by our MCFLS System Administrator to assist with the selection of a new product to replace Encore, our current discovery catalog.

Circulation Staff

- All reviews for Circulation Assistants and Shelvers were completed in November. Wage adjustments effective 1/1/2023 have been communicated to all Circulation staff.
- While we are closed December 14-16th, Circulation staff have been enrolled in different training seminars through CVMIC and the Ryan Dowd Homeless Training program. These can all be done remotely from home.
