From: Nyama Y. Reed, Library Director

Date: January 24, 2024 Meeting

Re: 2023 Work Plan

Our Mission

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning and providing access to ideas, information and resources.

1. Implement Strategic Plan

- a. Schedule staff and Board trainings on Inclusion, Diversity, Equity, and Accessibility (IDEA) topics, such as unconscious bias or ADA compliance.
- b. Create an additional community partnership.
- c. Conduct new large survey or multiple small targeted surveys. Aim to obtain feedback on programing and services. How have needs and desires changed due to the pandemic? Are we meeting the new needs and desires?

2. Update Policies

- a. Library Code of Conduct
- b. Naming for fundraising purposes
- c. Collection related policies in light of current intellectual freedom focus
- d. Technology related policies to match ever-changing technology landscape.
- 3. Engage with public more by working service desks every couple weeks and walking through departments periodically throughout the day.
- 4. Fully utilize budgeted hours to support and serve the WFB community.
- 5. Review and update all job descriptions, plus staff evaluation forms and process.
- 6. Work with WFBPL Foundation and Friends to continue enhancing library services.

Placeholder for Closed Session and Director Review

From: Nyama Y. Reed, Library Director

Date: January 24, 2023 Meeting

Re: Foundation & Fundraising Update

Our Mission

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning and providing access to ideas, information and resources.

- 1. We are awaiting the final 2022 statements from Greater Milwaukee Fund and Associated Bank, but we were on track to complete the year with \$50,000 in the GMF fund (it will not generate payouts until there is \$100,000 in the fund) and about \$7,000 in the Foundation's bank account.
- 2. Director Reed will send thank you notes and an annual summary to donors by January 31, 2023 via postal mail.
- 3. Director Reed is in communication with an ambassador to host the first small group meeting in Feb or Mar 2023.
- 4. The Foundation's new Marketing Work Group will have its kick-off meeting this week to review current materials and update them for consistency. New professionally designed and printed brochures will be one of the work groups deliverables.
- 5. Director Reed is working with a couple potential donors to develop relationships and to steward verbal commitments into signed commitments.

From: Nyama Y. Reed, Library Director

Date: January 24, 2023 Meeting

Re: Return to In-Person/Hybrid Meetings

Our Mission

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning and providing access to ideas, information and resources.

Background

Library Board meetings have been primarily virtual since the onset of the pandemic. Village meetings returned to in-person as of March 2022. The Village Board adopted Ordinance Number 1870 (see below) outlining circumstances for virtual or hybrid meetings. Attached is an article by the League of Wisconsin Municipalities, *Attending Meetings Remotely After the Pandemic (Aug 2021)*.

Discussion

As the pandemic transitions to an endemic, it is time for the Library Board to discuss returning to inperson meetings. Discussion needs to include whether to stream the meetings for the public and what level of public participation to allow at meetings.

Article VI Boards, Authorities, Committees, and Commissions (https://ecode360.com/36959614) [Adopted 8-3-2020 by Ord. No. 1870]

§ 1-30Conduct of virtual meetings and remote attendance at meetings.

In exceptional circumstances as determined by the chair of the applicable Village board, authority, committee or commission, meetings may on a case-by-case basis be held on a virtual basis or otherwise with remote attendance as described in this section. Virtual meetings and remote attendance are only authorized when the chair determines that health, safety, welfare, family or work circumstances warrant a virtual meeting or remote attendance. Virtual meetings and remote attendance may not be authorized solely for convenience. For meetings that include quasi-judicial action requiring due process, the chair must consult the Village Attorney before authorizing a virtual meeting or remote attendance. Virtual meetings and remote attendance are subject to the following:

A. Remote attendance. When a meeting is held in person, the chair of the applicable body may allow one or more members of the body to attend the meeting by telephone or other electronic means, subject to the requirements of this section. A member of the body seeking to attend remotely shall notify the Village Manager of the request at least 48 hours in advance of the meeting. The Village Manager shall immediately notify the chair. The chair shall decide whether to grant the request at least 24 hours in

advance of the meeting. The chair's determination shall be final. Members of the body attending remotely shall have all powers of participation, including counting toward a quorum and having the opportunity to vote. Such attendance is only permitted if systems allow the remote member to hear the proceedings and be heard in the meeting room. If visual information is presented at the meeting, the information shall be distributed or systems must allow remote attendees to view what is presented. The Village does not warrant remote attendance system performance. If circumstances leading to one or more members of the body seeking to attend remotely are widely shared by others in the general public, the chair should consider providing a similar remote attendance option for the general public. Such option must be provided to citizens in a timely manner as part of the meeting agenda notice.

B. Virtual meeting. Upon direction of the chair, a body may on a case-by-case basis conduct an entirely virtual meeting, in which no member of the body is present at Village Hall, subject to the requirements of this section. Members of the body attending virtually shall have all powers of participation, including counting toward a quorum and having the opportunity to vote. If visual information is presented at the meeting, remote attendees must have the opportunity before or during the meeting to view what is presented or be prohibited from voting on the matter. The public shall be given access to the system implementing the virtual meeting platform. Information about access to the meeting shall be provided to citizens in a timely manner as part of the meeting agenda notice. Best efforts shall be used to ensure that members of the public lacking access to the virtual meeting platform are provided alternative reasonable methods to attend.

<u>C.</u> Open meetings law limitations. In no event shall a virtual meeting be convened, or remote attendance be permitted, where a violation of the Wisconsin Open Meeting Law^[1] would result.

[1] Editor's Note: See § 19.81, Wis. Stats., et seq.

Attending Meetings Remotely After the Pandemic

Curt Witynski, JD, Deputy Executive Director, League of Wisconsin Municipalities

The City of Marshfield Fire and Police Commission meets remotely for their regular monthly meeting using Zoom, a software-based conference room solution that became popular during the pandemic. Photo submitted by City of Marshfield Communications Department

Many municipal officials participated in governmental body meetings remotely for the first time during the COVID-19 pandemic. They learned how easy and convenient it can be to attend a meeting by phone or video conferencing. The pandemic has forced numerous communities to confront questions about whether and under what circumstances members of municipal governmental bodies should be allowed to attend meetings remotely after the pandemic. Many communities have adopted ordinances or policies establishing rules and procedures for permitting municipal governmental body members to attend a meeting remotely.

Does state law prohibit or otherwise address municipal governmental body members attending a meeting remotely?

No. State law does not address the issue. However, well before the COVID pandemic, the Wisconsin Attorney General had concluded that the open meetings law did not prohibit governmental body members from participating in a meeting by phone or by video conferencing. The League has also issued legal opinions over the years concluding that a member of a common council or village board may attend a meeting by phone or video conferencing, if authorized by the governing body. Although state law does not prohibit a member of a city council, village board, or other municipal governmental bodies from attending a meeting remotely, League legal opinions emphasize that remote attendance must comply with

the requirement in the open meetings law that meetings be reasonably accessible to the public. This means that members of the public attending the meeting in person or remotely must be able to hear the governmental body member attending by phone and hear and see members participating in the meeting by video conferencing. Care must be taken to set up the speaker phone, audio, or video system at the meeting site so that it allows all members of the public attending in person or remotely to hear and see the governmental body members attending remotely.

Does a remote attendee count for making up a quorum, and may a person vote by telephone or video?

State law does not address this issue. It is important to check local rules of procedure, but state law does not prohibit a governmental body from acting even if some or all of the quorum attends remotely. Governmental body members attending meetings remotely via speaker phone or video conferencing are generally recognized as in attendance and count toward making up a quorum and may vote on business before the body. Some communities explicitly state in their ordinances that a governmental body member attending a meeting remotely is counted in determining whether there is a quorum and may vote on actions before the body. See, for example, Green Bay's ordinance. (Link provided at the conclusion of this article.)

What about members of the public attending remotely?

During the pandemic, some municipalities found that the practice of conducting meetings by Zoom or other online video conferencing platforms increased public participation in public hearings and public comment periods. As a result, some communities have chosen to regularly offer the public the option of attending and participating in meetings remotely after the pandemic. For example, the City of Green Bay recently passed an ordinance relating to remote attendance at meetings, which provides that any person may appear at any meeting by telephone, video conference, or other remote method of participation.

Feature

Governmental bodies must always ensure that they follow the open meetings notice requirements of Wis. Stat. § 19.84. If citizens will be able to participate in a meeting remotely, the meeting notice should inform the public that the meeting can be attended remotely and provide all information necessary for the public to monitor the meeting. This includes providing the telephone number, video conference link, and any necessary passcodes or other login information.

Should we adopt an ordinance or policy relating to remote meeting attendance?

Yes, it is advisable to do so, and many communities are. Some communities limit the number of meetings governmental body members may attend remotely, the number of governmental body members that may attend the same meeting remotely, and the circumstances under which a governmental body member may participate remotely. Other ordinances establish a process and timeline for governmental body members to request the chair's permission to attend a meeting remotely.

The Village of Bayside's ordinance, for example, states that "in exceptional circumstances as determined by the chair," meetings may be held with remote attendance. The ordinance goes on to state that "remote attendance [is] only authorized when the chair determines that health, safety, welfare, family, or work circumstances warrant." The ordinance further provides that "remote attendance [is] not authorized solely for convenience, or due to vacation, travel, or season relocation."

Bayside's ordinance also establishes a process for seeking permission to attend a meeting remotely. Under the ordinance, a village governmental body member seeking to attend a meeting remotely must notify the village manager at least 48 hours in advance of the meeting. The village manager

must immediately inform the chair and the chair must decide whether to allow remote participation at least 24 hours before the meeting.

In contrast to Bayside's comprehensive and detailed ordinance, Green Bay's recently adopted ordinance broadly provides that "any city employee, member of a governmental body, or any other person may appear at any meeting by telephone, video conference, or other remote method of participation." The only limit provided in the ordinance is that "no member shall participate or vote on any matter that requires the visual assessment of physical evidence or exhibits that have not been previously reviewed by the member."

Read Green Bay and Bayside's ordinances as well as other sample remote meeting attendance ordinances on the League's website: https://lwm-info.org/1646/Meetings-Governmental

Conclusion

While communities are not legally obligated to allow governmental body members or the public to attend meetings remotely, many have chosen to do so because of positive experiences with remote attendance during the pandemic. Municipal governing bodies may adopt ordinances or policies outlining the circumstances under which governmental body members and the public may attend meetings remotely.

From: Nyama Y. Reed, Library Director

Date: January 24, 2023 Meeting

Re: Department Reports

Whitefish Bay Public excite your mind.

Director (Reed)

- 1) Building Regular maintenance is occurring per schedule.
- 2) Village Budget books will close mid-February in preparation for the audit.
- 3) Personnel Staff reviews were completed.
- 4) Library Board terms expiring in 2023 are Jay Balachandran, Claire Flannery, Sarah Leinweber, and Sandy Saltzstein. All are eligible to renew.
- 5) Security
 - a) Research on camera systems has not progressed due to lack of available time during the end of 2022 and start of 2023. Director Reed aims to start the process before the end of Jan.
 - b) The patron who generated the call for security cameras has been back to the library only once in recent months. During that visit he did not try to go into restricted areas.
 - c) Director Reed implemented a 12-month ban for a patron on 1/17/23.
 - i) This patron was banned in 2022 for 1 month and then 6 months. Upon recently returning she did not abide by the Library Code of Conduct. Staff remainder her of behavior expectations on 1/16 with a written update. Later that day as her behavior continued, Director Reed issued a 6-month ban. Staff attempted to give her the 6-month banning letter on the morning of 1/17. During that interaction the patron hit a staff member on the hand while stating "get away from me." Staff then called WFB Police Department (PD) to escort the patron out of the building. Upon being told WFB PD were being called, the patron left. Director Reed was updated by PD on 1/18 that the patron was arrested that evening and PD staff gave her a copy of her 12-month ban letter. Alas, based on a multi-year history with this patron, we know she pushes the limits and ignores policies and staff. Once she is banned and informed by police of her ban, then she stays away until her ban expires.
 - ii) Director Reed follow-up with staff regarding the incident and to help process thoughts and feelings about it. Also, we are investigating outside resources that can be of assistance in the future for debriefing if needed.
- 6) Local Health Stats Update
 - a) As of Mon 01/23, WFB's Community Level was 93, the NS area total was 79, and Milwaukee County was 109.
 - b) Wisconsin's flu rating has dropped from High Level 10 (on a scale of 1-13) as recently as 12/24/22, to Minimal Level 3 on 1/14/23.
 - c) Wisconsin's RSV PCR % Positive was 4.5% on 1/7/23, down from a high of 27% on 11/5/22.
 - d) Overall the Tridemic is abating (for now, knock on wood).
- 7) Smart Lockers The Smart Lockers training occurred 1/20/23. We are awaiting on a couple final updates and hope to go-live soon.
- 8) LDAC/MCFLS
 - a) MCFLS has been working on utilizing a new report for calculating the Reciprocal Borrowing (RB) amounts for each library. Comparisons of the two reports to determine if the new one (which will take less staff time to run) will result in accurate numbers is ongoing, with the hopes of utilizing the new report in 2023 to calculate the 2025 RB payments.
 - b) The System and Resource Library Administrators' Association of Wisconsin (SRLAAW) has contracted with Carlson Dettmann (https://www.carlsondettmann.com/) to conduct a comprehensive compensation survey and analysis for library staff employed at public libraries throughout the state of Wisconsin. The

survey will be funded through a Library Services and Technology (LSTA) grant for which the Southwest Wisconsin Library System (SWLS) will act as contractor and fiscal agent. There will be 47 positions on the study with brief descriptions. This list is intended to be a work in progress that will be adjusted in the future with feedback. There is a final plan and revision meeting for January 27th with a final goal of completion by June 1st.

- 9) Community Outreach and Collaboration
 - a) Jan 18, the Library hosted Bay Bridge and UWM professors for their Mapping Racism and Resistance program. The topic garnered a lot of attention, including MKE JS articles, resulting in 90 people inperson and 62 online for the event.
 - b) Director Reed met with Trustee Balachandran and Anne O'Connor to hone ideas regarding a new speaker series to highlight people and cultures in WFB. We are aiming for 4-5 residents in 2023 to talk about their life in WFB.

Adult Services (Lenski)

- 1) Collection Development
 - a) We are making a change to our weeded books. For the last few years we have been sending our library discards to Baker and Taylor. They sell some of the books and recycle the rest. Friends used to take our discards but with the pandemic they had a large stockpile of materials. They have cleared room in the basement and again will be taking library discards. The amount of money we were receiving from Baker and Taylor was pretty small so I expect Friends will make quite a bit more selling library discards.
 - b) We just finished weeding the fiction and mystery sections and we will now begin weeding the nonfiction collection.
- 2) Programming
 - a) We are back to hosting monthly programs for adults. In December we hosted a docent from the Pabst Mansion. He talked about the history of the Pabst family and the mansion and he also shared some photos. We had over 40 people attend this program in person.
 - b) We also had a special guest at our Mystery book club, Nick Petrie. For this meeting we had 2 people in person and 5 on Zoom.
 - c) In 2023 we will have a monthly Whitefish Bay TALKS speaker, and the lineup includes a performance by the Irish band Ceol Cairde, a demonstration on how to weave challah bread, and author Tom Fehring will talk about previous war efforts in Milwaukee.
 - d) Favorite Reads: Every year the reference staff chooses their favorite books read during the year. These librarian picks have been shared on the library blog and it is always a very popular post.

Circulation Services (Hoge)

- 1) Technology
 - a) We are scheduling training with the Smart Locker vendor Smiota as soon as possible. Once we've done this and gotten our templates for email and text notifications updated, we will be able to start training staff on how to load the Smart Locker with patron pick ups. We'd like to have a soft open of this service beginning February 1st. Other libraries that have implemented the Smart Lockers are Shorewood, Franklin and Oak Creek. Cudahy and Whitefish Bay are still working with Smiota to finish system setup and get training.
 - b) We are reviewing the Tech Plan for 2023 which includes the purchase of new public computers for the Youth Services department, 5 new staff computers for Youth Services, Adult Services, Director and Circulation Services offices. The Tech Plan also includes the purchase of 1 or 2 staff use laptops that could be utilized in the stacks as staff do weeding and inventory along with use at outreach events to register new library cards.
 - c) As a part of our involvement at the Cultural Connections Night at Nicolet High School on March 15th, we will be using an OutReach Box provided by MCFLS which will allow us to register patrons for new library cards onsite and also to check out multi-cultural and world language materials at the event.

2) MCFLS ILS Functionality Committee

- a) The Discovery Catalog software demonstrations of PIKA, Aspen and Bibliocore have all occurred, and the ILS Committee is filling out scoring documents and getting additional questions answered by the three vendors. The current plan is to have a Discovery Catalog recommendation to LDAC in March.
- b) This new Discovery software will replace Encore which is used for our current Countycat catalog software. The switchover is targeted for sometime in Q1/Q2 of 2024.

3) Circulation Services Committee

- a) The MCFLS Circulation Services Committee met at The Greendale Public Library Thursday, January 19th. Some information of note from other libraries:
- b) Cudahy Public Library is currently hiring a Circulation Services Supervisor.
- c) <u>Wauwatosa Public Library went fines free as of January 1st, 2023</u>. Feedback has been mostly positive but some patrons have voiced concerns that the change removes accountability for people to return items on time.
- d) Whitefish Bay and a few other libraries have had patrons complain that they are not getting their courtesy notices via email of items that are coming due and need to be returned or renewed. MCFLS staff are working with PatronPoint the customer management software that sends out these emails to see what the problem may be.
- 4) WFBPL Staff Event
 - a) Saturday, January 21st staff got together for a potluck New Year's party to celebrate 2023!
 - b) The event was held at the Cahill Warming House where staff could comfortably visit and enjoy the large fireplace.

Youth Services (Kiekhaefer)

- 1) Computers
 - a) We were seeing an increase in traffic at our YS computers after school so we added the 5th and 6th computers back to the area. So far, it's gone well and we're able to serve more of our after-school gaming population.
 - b) As part of the teen renovation, we hope to buy new tables and reconfigure some of the outlets so we can shift the tables
- 2) YS Area Updates
 - a) We purchased some new puzzles using Friends funds to add to the YS area (and replace some of the older, more worn out puzzles.)
 - b) A community member donated a train table to the library, so we'll be purchasing trains and tracks and adding that to the tower. We'll be removing the Duplo table.
 - c) Valerie and I are working on ideas for the teen reno (funded by Friends). We're seeing more and more teens using the teen area specifically for studying.
- 3) Staffing
 - a) I finished reviews for Liza and Valerie. Heidi's review was a brief check-in for her six-month review.
 - b) Each staff member is meeting expectations.
- 4) Looking Forward to 2023
 - a) Storytime has resumed and we're expanding from two storytimes a week to three (Monday, Wednesday, and Thursday.) Heidi has taken over the Monday morning storytime and Valerie is continuing with Thursday. I will be doing Wednesday storytimes, and I'll use that time to train Liza on storytime. The goal will be for her to do a full storytime on her own by February.
 - b) We're seeing more and more repeat program attendees, as well as higher attendance, and the YS area seems to be busier than it's been in a while. We're hoping it continues, and we are committed to planning exciting programs to keep the momentum going.

WHITEFISH BAY PUBLIC LIBRARY
