#### <u>IMPORTANT DATES – BOARD MEETINGS</u>

- Feb 5 & 19, 2024, Monday, 6:00 pm Village of WFB Board of Trustees, @Village Hall
- Feb 12, 2024, Monday, 6:00 pm Library Foundation Board, @Library
- Feb 21, 2024, Wednesday, 6:00 pm Friends of the Library Board of Directors, @Library
- Feb 27, 2024 Tuesday, 6:30 pm Library Board of Trustees, @Library

#### LIBRARY BOARD MEETING TUESDAY DEC 19, 2023, 6:30 pm Pending at JAN 23, 2023 Mtg LOCATION: LIBRARY

Board of Trustees	Attended
Name, Position Title, Year Board Term Expires	
Jennifer Livingston, President, 2018-2024	In-person
Sarah Leinweber, Vice President, 2017-2026	In-person (left at 7:17pm)
Jay Saunders, Village Board Representative, 2024	Absent
Sandy Saltzstein, School District Representative, 2021-2024	Zoom
Erin Jelenchick, Member, 2020-2024	Absent
Ellie Gettinger, Member, 2019-2025	Absent
Claire Flannery, Member, 2020-2026	In-person
Staff	
Nyama Reed, Library Director	In-person
Katie Kiekhaefer, Head of Youth Services	Zoom

Public: Two high school students for class. Students sat with Director Reed in the staff breakroom during closed session and asked questions. They left at 7:00pm as closed session ended.

CALL TO ORDER 6:31pm							
Statement of Public Notice							
2. Public Comment – limit to five minutes; the Board canno	t discuss o	r act on any	issue that is	not duly			
noticed on the agenda.							
Item	Action	1st	2nd	Pass			
	Desired						
3. Minutes of Oct 31, 2023 meeting	Motion	Leinweber	Flannery	Unanimous			
Motion to approve minutes as presented.							
4. Finance Report Through Dec 16, 2023	Motion	Flannery	Leinweber	Unanimous			
Motion to approve finance report as presented.							
5. Staff Wage Increase for 2024	Motion	Leinweber	Flannery	Unanimous			
Motion to approve staff wage increase in 2024 of 3.0% for lib	rary staff w	ith satisfact	ory review.				
6. Submission of Material Consideration Form	Discuss						
Discussion of Material Consideration Form for "We Are Pales	tinian" bool	k in youth se	rvices. Per cu	irrent policy,			
WFBPL does not have to complete a consideration process	ess becaus	e the patro	n is not a re	esident. Ms.			
Kiekhaefer spoke how the title meets standards for selecti	ion (i.e. we	ell reviewed)	and it fills a	gap in the			
collection in that few books are published on Palestine or I	Palestinian	culture. Dire	ector Reed w	ill invite the			
patron for a face-to-face discussion out of respect for his c	oncerns. M	ls. Kiekhaef	er exited Zoo	m after this			
item.							
7. Update on Long Overdue Laptops and Related	Discuss						
Policies							
Moved ahead of #6 until Ms. Kiekhaefer returns to zoom after closed session. Discussion of limited options to							
retrieve long overdue items beyond placement of fine on patron's record. Potential loss of high-priced items							
may be part of doing business, or we consider not offering high priced items in the future. Will explore policy							
updates in 2024 to pursue collections for high priced items.							
Library Director Job Description – Draft Update	Discuss						
A brief discussion of the need to update the Director and Head of Youth Services job descriptions, as each is							

over 10 years old. Next steps are to include reviewing and updating these as part of the 2024 work plan.

Discussion of the employee performance forms as outlined in packet memo. Next steps are to include

Discuss

Annual Employee Performance Forms

reviewing and updating these as part of the 2024 work plan.

10. Informational Items	Discuss					
Discussion of information items as outlined in packet.						
11. The Library Board of Trustees may convene into	Motion	Leinweber	Flannery	Roll Call		
Closed Session per WI State Statute 19.85(1)(c) for	with Roll			"In"		
purposes of considering employment, promotion,	Call "In"			Unanimous		
compensation or performance evaluation data of any						
public employee over which the governmental body						
has jurisdiction or exercises responsibility and may						
reconvene in open session to act upon such matters						
The Board may reconvene to open session. The Board	Roll Call	Leinweber	Flannery			
reserves the right to take action on any topic discussed	"Out"			Roll Call		
in Closed Session.				"Out"		
				Unanimous		
Closed session moved to after #5, Staff Wage Increase, due to potential loss of quorum at 7:15pm.						
12. Library Director's Annual Review	Motion	Leinweber	Flannery	Unanimous		
ADJOURNMENT 7:58pm		Saltzstein	Flannery	Unanimous

From: Nyama Y. Reed, Library Director

Date: January 23, 2024 Meeting Re: Barbara Bartley Signage

#### WFB Public Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

#### Background

Per the March 29, 2022, Library Board meeting minutes, "Director Reed informed Board that the youth wing was to be named after Barbara Bartley during the 2002 construction due to a \$600,000+ donation. This was confirmed recently by Brent Gregory, WFBPL BoT President at the time. However, due to lapses, the naming did not occur. Current Board and staff agree the lapse should be corrected, with possibility to tie it into coming events."

#### Signage

Attached are pics of the suggested signage to honor Barbara Bartley's legacy. The sign would be 18x24 acrylic with metal offsets, similar in design to the donor wall in the lobby. The plan is to put the sign where the movie poster case used to be, just to the right of the Book Return. That section of wall is recessed and was recently patched and painted.

The first picture below shows the size of the sign on the wall with no other features. The second picture has additional features to add visual interest, without competing with the multitude of colors and art in the area.

To be decided is wording of the dedication to Ms. Bartley.

Examples from other libraries:

Rye Public Library (NH)

North Shore Library (Glendale, WI) - Future

#### Recommendation

00

It is recommended the WFBPL Board of Trustees approve placement of the proposed (amended) sign honoring Barbara Bartley in the proposed (amended) location.

# 18"

## Welcome to the Barbara Bartley Youth Services Wing of the Whitefish Bay Public Library

Barbara Bartley

January 18, 1919-November 19, 1999

Born and raised in Wisconsin in 1919, Ms. Bartley earned her Bachelor's degree in English and Education in 1941, followed by a Master's degree in Education and a Master's degree in Library Science from the University of Wisconsin-Madison in 1950. Between 1941 and 1960, she served as a librarian in various schools. Subsequently, she transitioned to a career as an assistant professor of Library Science at Wisconsin State College-Oshkosh from 1960 to 1962, and later as a professor of Library Science at the University of Wisconsin-Milwaukee from 1962 to 1985. Ms. Bartley dedicated 44 years to her career in librarianship, showcasing her commitment to libraries through her generous support of the Whitefish Bay Public Library.

Having moved to Whitefish Bay during her tenure at UW-Milwaukee, Ms. Bartley bequeathed the majority of her estate to support the construction of the new Whitefish Bay Public Library building, which was completed in 2002. Her substantial contribution constituted a quarter of the total funds raised for the project.

As a tribute to Ms. Bartley's extraordinary career and impactful contribution, the Youth Services Wing is named in her honor.

24"

From: Nyama Y. Reed, Library Director

Date: January 23, 2024 Meeting Re: Storytime Room Project

#### WFB Public Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

#### Background

At the October 31, 2023 Library Board meeting, the Board accepted a proposal from 3K Construction, LLC, to investigate the structure of the storytime room for a future remodel. 3K Construction is owned by Joe Kelly.

#### Update

The proposal included:

- Cut (2) holes in the wall roughly 2'-0" x 3'-0" approx... 3' above the floor inside the conference room. This will help determine if the wall is structural. It will also determine if the wall has any product make up to be concerned about. Done. Ended up being 3 holes to fully exam wall due to discovery of CMU (filled concrete block).
- Take out and replace a 4'x 10' section of ceiling tile in the room to see if a structural member is needed for the future window installation. This section is right above the proposed window area.
- Proposal includes taking a sample of the existing wall plaster (that was covered with the last drywall layer/ renovation) to see if it tests positive for asbestos. The sample will come back in 2-3 weeks and the results will be given to Nyama. Done. Test was negative.
- Temporarily patch the holes that were cut into the drywall. This will include a one coat, tape finish around the patches. Done
- Proposal includes all temporary enclosures, debris removal, hepa filters. All work is assumed to be performed after 3 pm. Monday through Friday. Done
- Proposal includes a budget for the future window installation in the wall. All other work is excluded that is not listed above. Done. See attached.

#### Highlights of attached proposal #2403

 $\underline{\text{https://www.homearchitects.com/grout-cmu-solid}}$ 

Example of CMU (filled concrete block)

- There is a <u>solid CMU (filled concrete block)</u> structure inside the wall that supports the structure of the building and the roof line.
- A separate proposal can be given to remove the CMU but <u>major</u> <u>reconstruction to the wall and roof line will have to be</u> <u>proposed</u>, approx \$18- \$27k. You would also have added <u>engineering judgment</u> cost to the project prior to the work being performed.
- Approximately 5'4" wide X 5'0" high window. May vary based on final wall cut. The layout of the window (per this proposal) eliminates removing the CMU structural section.
- A separate bid can be given to add glass into both of the doors to the room. By adding the additional
  glass to the doors, the viewing area into the room will be more square inches than removing the CMU
  block and adding a singular horizontal window.

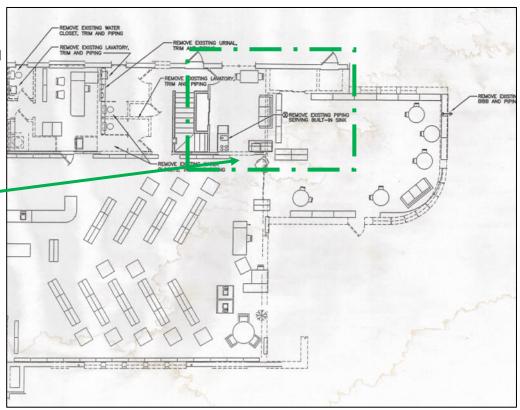

From conversation with Joe Kelly, he does not think removing the concrete structure is a good idea. We may have to wait on an engineering judgement which could put you into 2025. Based on his analysis, the CMU holds up the roof line and the structure of the building. It is not as simple as adding a new "header." If we decide to pursue the larger project, Joe can send contact info for structural engineers.

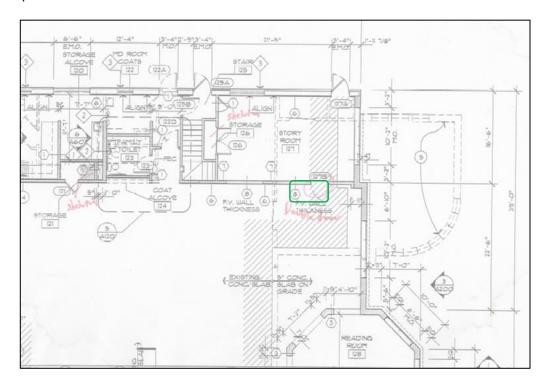

Below are blueprints of the 1955 and 2022 library buildings. The green box indicates where the storytime room

was put. This indicates the part of the storytime room wall in question was original wall, with additional wall and the double doors added to fully enclose the space.

The bit of dashed wall inducates wall that is not solid, whereas the big at the end is solid. This is where the CMU structure is located.

The green box in the blueprint below indicates the size of the double door. The initial blueprint had a single door and written in "double door." As a result the amount of space between the door frame and the CMU is much smaller than it looks on the original print.

#### **Options**

- 1) Install window as proposed which is smaller than initially envisioned. If the Proposal is approved as-is, 3K construction can start within 2 weeks. The window has about a 3-week delivery date after they cut in the opening. \$9,972.
- 2) After completion of the initial phase, obtain a quote to install glass in doors to add more light into the storytime room if more light is desired.
- 3) Obtain an engineering judgment from a structural engineer. That judgment would be used to quote a project for the larger window initially envisioned. Joe estimates it might take until 2025 to get an engineering judgment due to difficulty finding qualified people in the current market. Same issues DPW and Kearns have run into on the electrical panel project.

#### **Action**

The WFBPL Board of Trustees moves to approve (tbd).

414-315-9039

PROPOSAL SUBMITTED TO:	Nyama Reed	DATE:	10/24/23
ADDRESS:	Whitefish Bay Library	PHONE:	Nyama
	5420 N. Marlborough St.		414-755-6551
	Whitefish Bay WI.		
		Email	reed@wfblibrary.org

We hereby propose to furnish labor and materials necessary for the work performed at the above listed address. The work performed will be adding a "store front" glass window into the interior demising wall in between the Library's conference room and main room of the library. Proposal includes the labor and materials for the installation of a 5'-4" wide X 5'-0" high window. Description as follows:

#### 1. Demolition and Structural Framing:

- -Cut in and install a structural header that runs from the CMU to the inside corner of the room to support the wall above.
- -Install new framing for the new future window (approx. 5'-4" wide X 5'-0" high) The size may vary slightly depending on the actual space once the wall is cut open.

#### 2. Drywall Installation:

- -Remove and replace all the drywall on the inside and outside of the wall. Tape and finish the drywall to a level 3 finish (flat).
- -Prime and paint the wall on both sides. Owner will be asked for paint samples. If there is no left over paint to work off of, the color will be as close as possible to the original but may not be an exact match.

#### 3. New Viewing Window Installation:

- -Install one new "storefront glass window", aluminum frame, with one center stile mullion with tempered laminate glass. (approx. 5'-4" wide X 5'-0" high).
- \*The frame color will be a close match to the existing exterior window frame color of the building. It may not be an exact color but as close as possible.

#### 4. Interior Trim Installation:

- -Reinstall the existing base trim and casement trim as needed.
- -Install one new sill to the outside of the new viewing window. \*This piece will be as close as possible to the existing but may not be an exact match. The inside of the room will be a drywall return.

#### **Inclusions and Exclusions to the Proposal:**

- -Proposal excludes dumpster fees. To save money the on site bins will be used to remove most of the smaller misc. scrap. All the larger items will be moved off site by 3K Construction.
- -Proposal Includes temporary plastic enclosures that will need to stay up during the framing and drywall process during working hours.
- -Proposal Includes daily clean up of all debris.
- \*Proposal includes all painting or staining of any products.
- \*Proposal excludes all flooring prep or installation.
- \*Proposal excludes all plumbing, electrical or HVAC work.
- \*Proposal excludes moving all any owners personal items out of the way of the work are.
- \*Proposal excludes all permits and permit fees.
- \*Proposal excludes all materials and labor that are not listed in sections 1-4 from above.

#### \*\**Note*:

There is a solid CMU (filled concrete block) structure inside the wall that supports the structure of the building and the roof line. The layout of the window (per this proposal) eliminates removing this structural section.

A separate proposal can be given to remove the CMU but major reconstruction to the wall and roof line will have to be proposed, approx \$18- \$27k. You would also have added engineering judgment cost to the project prior to the work being performed.

A separate bid can be given to add glass into both of the doors to the room. By adding the additional glass to the doors, the viewing area into the room will be more square inches than removing the CMU block and adding a singular horizontal window.

## Down Payment Structure if this proposal is approved:

\$4400 = Down payment	will be needed to order	the window unit	(per signing of	this contract)
Payment received(	) (check #	).		

\*By signing below 3K Construction and all sub-contractors associated with 3K Construction will not be held liable for the disturbance of any lead based, mold based or asbestos based products at the above listed address. If products are found or suspected the owner will be notified and it is the responsibility of the homeowner to remove or replace the items if needed.

If proposal is signed and accepted: First payment will be required as listed above to purchase
the window and glass. Following payments will be discussed and accepted by the owner and
contractor as the job progresses if the job takes longer than 3 weeks. A final payment to be made
within 1 week or 7 days after all work was performed.

WE PROPOSE: hereby to furnish materials and labor-complete accordance with the above specifications of proposal # 2403 for the sum of:

Total= \$9,972

Authorized Sig	jnature:		Date		
ACCEPTANCE OF PROPOSAL: The above prices, specifications and conditions are					
satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment					
will be made as outlined above.					
Signature:		A	cceptance	Date:

Date: January 23, 2024 Meeting

Re: Fund 22 Review and 2024 Collection Supplement

#### WFB Public Library Mission Statement

The Whitefish Bay Public Library, as a cornerstone of the community, is dedicated to connecting all people, inspiring a love of learning, and providing access to ideas, information, and resources.

#### **Background**

For several years the WFBPL Board of Trustees has approved a collection supplement from Fund 22, to enable the library to purchase sufficient materials to offer an enhanced collection per State of WI Department of Public Instruction's library standards. Several years ago it was estimated Fund 22 would depleted in by now. As we worked strategically to extend its viability, we updated the end date to 2025. With increase to the collection budget in Fund 13 (WFBPL's operating budget), plus exceptional interest income and a donation in 2023, it is now projected to last through 2028-2030, depending on a combination of interest revenue and ability to slowly increase collections expenditures in Fund 13.

Scenario 1: Fund 13 collection expenditure is \$90,000, Fund 22 collection expenditures is \$18,000, and there is no new revenue each year. Fund 22 will be expended by 2027. As of 2028, total collection expenditures would drop.

Scenario 2: Fund 13 collection expenditure is \$90,000, Fund 22 collection expenditures is \$18,000, and there is 8.5% interest revenue each year. Fund 22 will be expended by 2028. As of 2029, total collection expenditures would drop.

Scenario 3: Fund 13 collection expenditure increases \$5,000 (approx. 0.5% of total expenditures), Fund 22 collection expenditures decrease by \$3,000, and there is no new revenue each year. Fund 22 will be expended by 2029. As of 2030, total collection expenditures would be sustained at an enhanced level via Fund 13.

Scenario 4: Fund 13 collection expenditure increases \$5,000 (approx. 0.5% of total expenditures), Fund 22 collection expenditures decrease by \$2,000, and there is 8.5% interest revenue each year. Fund 22 will be expended by 2030. As of 2031, total collection expenditures would be sustained at an enhanced level via Fund 13.

Dec			Director meets with personnel com before Dec board mtg	Update Board on Foundation

From: Nyama Y. Reed, Library Director

Date: January 24, 2024 Meeting

Re: Department Reports

#### Director (Reed)

1) Board Terms – Jen Livingston's, Jay Saunders, Sandy Saltzstein's, and Erin Jelenchick's current terms end April 30, 2024. Trustees Saltzstein's and Saunders' appointments may change based on coming elections and changing committee assignments by the School and Village Boards. It is requested that President Livingston and Trustee Jelenchick inform Director Reed or President Livingston whether they plan to renew, or not, by 1/31/2024. If we have to recruit new members, the process needs to start in February.

#### 2) Building

- a) Regular maintenance is occurring per schedule.
- b) Director Reed attended the Public Works Committee meeting on Wed Dec 20, which included discussion of the Library's roof and electrical panel. Current estimates are \$600,000 for a new roof and \$150,000 to replace the fire alarm's electrical panel. Discussion included funding options such as use of ARPA funds and the planned 2025/2026 "borrow" for capital projects.
- c) Carpet and furniture cleaning were planned for January but cancelled as that was the day of the big storm. Cleaning is rescheduled for February.

#### 3) Foundation

- a) The Foundation Board met January 8 with the new members. Most attendees were in-person. President Pequinot and Director Reed lead a discussion of setting a 2024 fundraising goal and next steps of brainstorming events/plans for attaining the goal.
- b) The Light Your Library campaign raised approximately \$11,000.
- 4) Friends The January Board meeting was cancelled due to several Friends Board members being ill. Trying to reschedule ahead of the usual February meeting in order to have the 2024 budget discussion.

#### 5) MCFLS

- a) Director Reed will serve as chair of the Library Directors' Advisory Council (LDAC) for 2024. Duties include leading monthly meetings which are attended by libraries directors of the 15 member libraries, plus attending monthly MCFLS Board meetings to update the Board on LDAC discussions and decisions. At this time, meetings are on zoom with plans to hold in-person meetings in the summer and return to zoom next fall. Director Reed served as LDAC Chair in 2015 and is looking forward to filling the role again. It is a chance to get involved with MCFLS issues more deeply and to get to know new directors.
- b) MCFLS had a day long strategic planning session on Thursday Jan 18 at the UW-Milwaukee School of Continuing Education in downtown Milwaukee. 11 of 15 libraries were represented, along with several MCFLS Board members in attendance and MCFLS staff. It was a productive and enjoyable day. The process is being led by Rachel Arndt Consulting. Ms. Arndt is superb.

#### Adult Services (Lenski)

#### **Programs**

In November the library hosted author Kristine Hansen to talk about her book <u>Frank Lloyd Wright's Wisconsin</u>. The program was well attended with over 40 attendees listening to Kristine discuss all the homes built by Wright in our area. We had a lot of audience participation, and it was a good conversation. In December, our Mystery book club had our highest attendance ever with 9 total attendees. Mystery book club is a hybrid and we had 6 people in person and 3 people on Zoom. Tea Time Book Club had 6 people.

#### **Collection Development**

Adult Services staff completed moving romance titles out of fiction into their own collection. Staff is now working on weeding the fiction area, so we can do another shift to better space out fiction and redistribute some of the empty shelf space. Part-time staff also worked diligently on ordering titles in their designated areas. For the first time since I started at the library, adult services spent all of our designated book budget, largely in part due to part-time staff purchasing. All part-time staff have an assigned dewey range. Sharon also assists in ordering fiction, romance and mystery titles. Ina assists in ordering DVDs and audiobooks. In 2024 Eva will assist ordering the music CDs.

#### **Display**

In November we did a book display to celebrate Native American Heritage Month. In December we featured previous winners for the Pulitzer Prize in Fiction.

#### Circulation Services (Hoge)

#### **WLA Conference Committee**

This year I have volunteered to serve on the WLA Conference Committee as the Registration Chair. The Conference will be held at the KI Center in Green Bay November 5-8th. We've had our first meeting where the team was introduced and goals discussed. Meetings will be once a month through August and then more frequently as we get closer to the conference.

#### **Technology**

I have begun reviewing the Tech Plan for purchases we may want to make in 2024. Some items that we are looking into replacing are the Zebra label printers (used for the spine labels on all library items), laptops for Nyama and Valerie Morris (full time YS Librarian), and new desktops at the Reference desk and Circulation desks.

#### **Training**

During the month of January, I created and lead Circ Staff training on our ILS software Sierra, Outlook Mail and basics on the copier/printer including Mobile Print capabilities. Training sessions were limited to two staff members at a time in order to provide more focused attention and hands on opportunities. Staff gave positive feedback on the content and the format. I enjoyed spending more one on one time with each of my staff.

#### **Locker Demand**

We've seen a huge increase in items requested for pick up via our Smart Locker. Staff are working hard to manage this so items get out to the locker for patron pick up in a timely manner.

#### Youth Services (Kiekhaefer)

#### **Collection Development**

- Valerie, Heidi, and Liza are working hard to reclassify/reorganize the X non-fiction collection, and I believe they are halfway through the collection. I am hopeful that we will finish by spring.
- As part of the 2024 Friends budget, we are asking them for a starter fund for a new collection of Wonderbooks that are specifically chapter books, non-fiction, graphic novels. In 2023, we added Wonderbooks that are picture books and that has been a very popular collection.

#### **Programming**

 Our Winter Reading Club is back for kids and teens. This year, the kids' program is sponsored by North Shore Kiwanis. The teen program continues to be sponsored by Friends of the Whitefish Bay Public Library.

#### **Professional Development**

This year, I've volunteered to be a mentor through the Wisconsin Library Association mentorship
program. I've been matched with a mentee who is a new youth services librarian at the Muskego
Public Library. As part of the commitment, I will have a monthly meeting with my mentee.

#### **Program Statistics for 2023**

• In 2023, we held 161 programs (107 of which were storytimes) and, combined with school visits, Take and Makes, storytimes and one-off programs, we had a total attendance of 6,109. (We started the year with Take and Makes and then progressed into summer reading, where we moved back to programming that was similar to pre-pandemic programming. When we finished the year, we had moved to more all-ages program, and the numbers really jumped up.)
